He has attended Stanford's Executive Course and several MBA-level accounting and finance courses at Kent State University and Cleveland State.

Mr. Wolfe's qualifications to serve on our board of directors (the "Board") include his years of experience as an executive in the wireless technology and data solutions sector. Following a one-year appellate clerkship out of law school, in 1998 Mr. Brakebill joined Morrison & Foerster, a global law firm of which he became a partner in 2005. Compensation Discussion and Analysis

Introduction

This discussion presents the principles underlying our executive officer compensation program. Our goal in this discussion is to provide the reasons why we award compensation as we do and to place in perspective the data presented in the tables that follow this discussion. The focus is primarily on compensation of our executive officers for the fiscal year ended December 31, 2018, but some historical and forward-looking information is also provided to put such year's compensation information in context. The information presented herein relates to the following individuals who are considered "named executive officers," under applicable rules and regulations of the SEC, each of whom is sometimes referred to in this Annual Report on Form 10-K/A as a "Named Executive Officer:" (i) Chris Wolfe, who served as the Company's Chief Executive Officer during the fiscal year ended December 31, 2018, (ii) Ned Mavrommatis, who served as the Company's Chief Financial Officer during the fiscal year ended December 31, 2018, and (iii) Michael L. Ehrman, who served as the Company's Chief Technology Officer during the fiscal year ended December 31, 2018.

Compensation Philosophy and Objectives

We attempt to apply a consistent philosophy to compensation for all employees, including senior management. This philosophy is based on the premises that our success is dependent upon the efforts of each employee and that a cooperative, team-oriented environment is an essential part of our culture. We believe in the importance of rewarding our employees for our successes, which is why we emphasize pay-for-performance incentive compensation. Particular emphasis is placed on broad employee equity participation through the use of stock options and restricted stock awards, as well as on annual cash bonuses linked to achievement of our corporate performance goals. We considered the results of the "say on pay" proposal with respect to executive compensation presented to the stockholders at our 2018 annual meeting held on June 14, 2018, and in light of the support the proposal received, we continue to emphasize pay-for-performance incentive compensation, as explained in detail in this Compensation Discussion and Analysis.

Our compensation programs for our Named Executive Officers are designed to achieve a variety of goals, including:

- attracting and retaining talented and experienced executives;
- motivating and rewarding executives whose knowledge, skills and performance are critical to our success;
- aligning the interests of our executives and stockholders by motivating executives to increase stockholder value in a sustained manner; and
- providing a competitive compensation package which rewards achievement of our goals.

Total compensation paid to our executive officers is influenced significantly by the need to attract and retain management employees with a high level of expertise and to motivate and retain key executives for our long-term success. Some of the components of compensation, such as salary, are generally fixed and do not vary based on our financial and other performance. Some components, such as bonus and in some cases, such as our long-term incentive plans adopted in prior years, stock options and stock award grants, are dependent upon the achievement of certain goals approved by the Compensation Committee; and for such purpose, the Compensation Committee considers goals for executive officers (other than our Chief Executive Officer) recommended by our Chief Executive Officer, and includes him in its discussions with respect to such goals. Furthermore, the value of certain of these components, such as stock options and restricted stock, is dependent upon our future stock price.

We compensate our executive officers in these different ways in order to achieve different goals. Cash compensation, for example, provides executive officers with a minimum base salary. Incentive bonus compensation is generally linked to the achievement of financial and business goals (as described in greater detail below), and is intended to reward executive officers for our overall performance. Stock options and grants of restricted stock are intended to link our executive officers' longer-term compensation with the performance of our stock and to build executive ownership positions in our stock. This encourages our executive officers to remain with us and to act in ways intended to maximize stockholder value, and serves to penalize them if we and/or our stock fails to perform to expectations.

We view the three components of our executive officer compensation as related but distinct. Although the Compensation Committee does review total compensation, it does not believe that compensation derived from one component of compensation necessarily should negate or reduce compensation from other components. We determine the appropriate level for each compensation component based in part, but not exclusively, on its historical practices with the individual and our view of individual performance and other information we deem relevant. The Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of compensation. We have not reviewed wealth and retirement accumulation as a result of employment with us and have only focused on fair compensation for the year in question.

The Compensation Committee monitors the results of the annual advisory "say-on-pay" proposal and incorporates such results as one of many factors considered in connection with the discharge of its responsibilities. At our 2018 annual meeting of stockholders, the stockholders approved, on an advisory basis, the compensation of the Named Executive Officers, and in light of such approval, the Compensation Committee continued with its performance-based compensation philosophy and its balanced approach to the components of its compensation program.

Elements of Executive Officer Compensation

Base Salary. We pay our executive officers a base salary, which we review and determine annually. We believe that a competitive base salary is a necessary element of any compensation program. We believe that attractive base salaries can motivate and reward executives for their overall performance. Base salaries are established in part based on the particular executive's position, responsibility, experience, skills and expected contributions during the coming year and such individual's performance during the prior year. We also have generally sought to align base compensation levels comparable to our competitors and other companies in similar stages of development. We do not view base salaries as primarily serving our objective of paying for performance, but in attracting and retaining the most qualified executives necessary to run the Company's business. On August 15, 2018, the annual base salary of Chris Wolfe was increased to \$325,000. The Company continues to focus on pay-for-performance structure, which is discussed below.

Cash Incentive Bonus Programs.

The primary objective of our annual cash incentive bonus program is to motivate and reward our employees, including our Named Executive Officers, for meeting our short-term objectives using a pay-for-performance program with objectively determinable performance goals. Each of our Named Executive Officers was eligible to receive a cash incentive bonus under our Executive Incentive Plan ("EIP") for the fiscal year ended December 31, 2018, which is discussed below.

Executive Incentive Plan.

The objectives of the EIP, which was adopted by the Board upon recommendation of the Compensation Committee, are to align the interests of all employees with the Company's performance goals. The EIP focuses on rewarding executives for the achievement of financial objectives with competitive financial incentives and provides a systemic plan for establishing definitive performance goals. On February 24, 2018, the Compensation Committee approved the EIP for 2018. The objectives of the EIP are to align the interests of all employees with the Company's performance goals. Under the EIP for 2018, the Company's performance goals are based on (i) revenue growth and (ii) "operating income," which for these purposes is defined as operating income (loss) from operations, excluding depreciation and amortization and stock-based compensation expense. Executives are eligible to be awarded cash bonus compensation based on the Company's annual and quarterly results with respect to revenue growth and operating income.

The Company accrues funds for the EIP over the course of the applicable plan year. The EIP may be modified or terminated by the Compensation Committee at any time, but incentive awards that have been earned by the participating Named Executive Officers through the date of termination of the EIP will be payable. In addition, target awards and weightings may be modified by the Compensation Committee during the plan year based upon a shift in focus or changing industry standards, or any other factors that the Compensation Committee deems appropriate. The Compensation Committee has the authority to administer the EIP and has the final decision on any discrepancies in interpretation of the EIP.

Awards under the EIP are calculated as a percentage of an executive's base salary and, as noted above, are based upon revenue growth and operating income. The target award under the EIP for 2018, which is calculated as a percentage of base salary, for Chris Wolfe was set at 100% of his base salary and for each of Ned Mavrommatis and Michael L. Ehrman was set at 67% of his base salary. The target award (expressed as a percentage of base salary) for each Named Executive Officer is as follows:

Named Executive Officer	Target Award Percentage
Chris Wolfe	100%
Ned Mavrommatis	67%
Michael L. Ehrman	67%

The maximum aggregate amount of the Quarterly Bonuses and the Annual Bonus (each, as defined below), for each executive is 300% of the target award for such executive.

2018 Quarterly Bonuses. Forty-five percent of the executive's bonus under the EIP for 2018 was based on quarterly revenue and operating income targets (such portion, the "Quarterly Bonus"). For these purposes, "operating income" is defined as operating income (loss) from operations, excluding depreciation and amortization and stock-based compensation, and was calculated after all bonus expenses (the "Operating Income"). For 2018, for each of the Named Executive Officers entitled to participate in the EIP, the Company's quarterly revenues (the "Quarterly Revenues") were required to equal or exceed dollar amounts ranging from \$13.1 million to \$18.3 million and the Company's quarterly Operating Income (the "Quarterly Operating Income") was required to equal or exceed dollar amounts ranging from \$(0.4) million to \$1.1 million (each, the "Quarterly Target Amount") in order for the executives to receive their Quarterly Bonus. For each of the first three quarters of the fiscal year, if the Quarterly Revenues were equal to at least 90% of the respective Quarterly Target Amount and the Quarterly Operating Income was equal to at least 50% of the respective Quarterly Target Amount, the executive would be entitled to receive 15% of the target award for such executive. If either the Quarterly Revenues for any quarter did not equal or exceed 90% of the respective Quarterly Target Amount for such quarter or the Quarterly Operating Income for any quarter did not equal or exceed 50% of the respective Quarterly Target Amount for such quarter, the executive would not be entitled to receive any bonus for such quarter. In the event that both the Quarterly Revenues and the Quarterly Operating Income for any quarter exceeded the Quarterly Target Amount for such quarter, the executives would not be entitled to receive any additional bonus; however, the cumulative Quarterly Revenues and Quarterly Operating Incomes for all four quarters would be considered for calculating the Annual Revenues (as defined below) for purposes of determining the Annual Bonus.

Any Quarterly Bonuses for any fiscal quarter are payable to the executives after completion of the Company's financial statements for such quarter. Participants are not entitled to receive an award unless they are employed by the Company at the time the award is payable by the Company. Based on the Quarterly Revenues and the Quarterly Operating Income for each of the quarters during the fiscal year ended December 31, 2018, each of Chris Wolfe, Ned Mavrommatis or Michael L. Ehrman received Quarterly Bonuses under the EIP for 2018 in the aggregate amount of \$43,500, \$28,467 and \$28,467, respectively.

2018 Annual Bonus. Fifty-five percent of the executive's bonus under the EIP for 2018 was based on annual revenue and operating income targets (such portion, the "Annual Bonus"). For 2018, for each of the Named Executive Officers entitled to participate in the EIP, the Company's annual revenues (the "Annual Revenues") were required to equal or exceed \$60.4 million and the Company's annual operating income (the "Annual Operating Income") was required to equal or exceed \$2.1 million (each, the "Annual Target Amount") in order for the executives to receive their Annual Bonus. If the Annual Revenues were equal to 90% of the Annual Target Amount and the Annual Operating Income was equal to 50% of the Annual Target Amount, the executive would be entitled to receive 55% of the target award for such executive. If either the Annual Revenues did not equal or exceed 90% of the respective Annual Target Amount or the Annual Operating Income did not equal or exceed 50% of the respective Annual Target Amount, the executive would not be entitled to receive any Annual Bonus.

Any Annual Bonuses are payable to the executives after completion of the Company's audited financial statements for the applicable year. Participants are not entitled to receive an award unless they are employed by the Company at the time the award is payable by the Company. Based on the Annual Revenues and the Annual Operating Income for the fiscal year ended December 31, 2018, none of Chris Wolfe, Ned Mavrommatis or Michael L. Ehrman received an Annual Bonus under the EIP for 2018.

Equity Compensation

We believe that stock options and restricted stock awards are an important long-term incentive for our executive officers and employees and that our stock option and restricted stock award program has been effective in aligning officer and employee interests with those of our stockholders. We review our equity compensation plans annually. Employees are eligible for annual stock option and restricted stock award grants. These options and grants are intended to produce value for each executive officer if (i) our stockholders derive significant sustained value and (ii) the executive officer remains employed with us.

Historically, the Company did not have any program, plan or obligation under which it was required to grant equity compensation to any executive officer on specified dates or upon the achievement of certain performance goals. The authority to make equity grants to executive officers rests with the Compensation Committee, although, as noted, the Compensation Committee does consider the recommendations of our Chief Executive Officer in setting the compensation of our other executive officers.

On February 24, 2018, the Compensation Committee granted restricted shares of common stock to each of Chris Wolfe, Ned Mavrommatis and Michael L. Ehrman in consideration of his continued services as an officer of the Company. The number of restricted shares of our common stock granted to and held by our Named Executive Officers are set forth in the “Summary Compensation Table” and the “Grants of Plan-Based Awards” table below.

Severance and Change-in-Control Benefits. Except for the severance and change-in-control benefits described below under the captions “Severance Arrangements” and “Potential Payments Upon Termination or Change in Control,” we do not provide to any of our executive officers any severance or change in control benefits in the event of termination or retirement, whether following a change in control or otherwise.

Benefits. The executive officers participate in all of our employee benefit plans, such as medical and 401(k) plans, on the same basis as our other employees, except that we pay 100% of the premiums for health and dental insurance of our executive officers and 75% of the premiums for health and dental insurance of our other employees.

Perquisites. Certain of our Named Executive Officers receive an allowance for automobile and related expenses, which amounts are reflected under column titled “All Other Compensation” in the “Summary Compensation Table” below. Our use of perquisites as an element of compensation is very limited. We do not view perquisites as a significant element of our comprehensive compensation structure.

Peer Group

In making decisions regarding the compensation of our executive officers, the Compensation Committee generally considers compensation and survey data for similarly situated executives at a comparison group of companies it considers our peer group. These comparison data are primarily used to gauge the reasonableness and competitiveness of executive compensation decisions. The Compensation Committee utilized as a reference for determining competitive total compensation packages for our Named Executive Officers for 2018, our peer group of companies that were identified by CRI, the compensation consultant retained by the Compensation Committee in 2012, together with a group of companies identified as our peer group by the Hay Group (the “Hay Group”), the compensation consultant retained by the Compensation Committee in 2014; however, the Compensation Committee determined not to place a significant amount of reliance on the information provided by the Hay Group since although the companies identified by the Hay Group as part of the peer group were in the same M2M industry as the Company, such companies had significantly greater revenues and market capitalizations than the Company. While the Compensation Committee refers to information with respect to its peer group for purposes of determining compensation of the executive officers, it does not benchmark compensation for the Named Executive Officers against the peer group. The peer group of companies determined by CRI was based on revenue, organizational profile and geographic location and the peer group of companies determined by the Hay Group was based primarily on industry.

We believe that the compensation practices of our industry, in general, and of our select peer group, in particular, provide useful information to help us establish compensation practices that allow us to attract, retain, and motivate a highly talented executive team. We review the levels of cash, equity, and total compensation for comparable executives in our peer group relative to the elements of compensation paid to our executives. In considering how these data relate to our existing compensation structure, we take into account our size, performance, and geographic location as compared to these peer companies, as well as what we know about the comparable scope of responsibilities of our executives versus those of comparable executives at such peer group companies.

The following companies were identified as members of our peer group by CRI in 2012:

ANADIGICS Inc.	NVE Corporation
CalAmp Corp.	ORBCOMM Inc.
Chyron Corporation	Orbit International Corp.
Identive Group Inc. (formerly SCM Microsystems, Inc.)	Par Technology Corp.
RELM Wireless Corporation	
LoJack Corporation	Telular Corp.
Memsic, Inc.	Vasco Data Sec. Int'l Inc.
Numerex Corp.	XATA Corporation

The following companies were identified as members of our peer group by the Hay Group in 2014:

CalAmp Corp.
Digi International Inc.
Fleetmatics Group PLC
Globalstar, Inc.
Iridium Communications Inc.
LoJack Corp

Novatel Wireless Inc.
Numerex Corp
ORBCOMM Inc.
Sierra Wireless, Inc.
Telular Corp.
XRS Corporation

Regulatory Considerations

We account for the equity compensation expense for our employees under the rules of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718 (“ASC 718”), which requires us to estimate and record an expense for each award of equity compensation over the service period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued.

Employment Agreements

The Company has not entered into employment agreements with any of its executive officers. All executive officers serve at the discretion of the Board, with no fixed term of employment.

Severance Agreements

On September 22, 2009, the Company entered into severance agreements with each of Ned Mavrommatis, the Company’s Chief Financial Officer, Treasurer and Corporate Secretary, and Michael L. Ehrman, the Company’s Chief Technology Officer, which provide each executive with certain severance and change in control benefits upon the occurrence of a “Trigger Event,” which will have occurred if the Company terminates the executive without cause or the executive resigns for good reason within six months following a “change in control event” (as defined in the severance agreement).

Under the terms of the severance agreements with Messrs. Mavrommatis and Ehrman, subject to such executive’s delivery of a general release to the Company, each executive is entitled to the following: (i) cash payments at the rate of the executive’s annual base salary as in effect immediately prior to the Trigger Event for a period of 12 months (such period, as applicable, the “Severance Period”), made as a series of payments that are payable in accordance with the Company’s standard payroll practices; (ii) a waiver of any remaining portion of the executive’s healthcare continuation payments under COBRA for the Severance Period, provided that the executive timely elects COBRA coverage and continues to make contributions for such coverage equal to his contribution amount in effect immediately preceding the date of his termination of employment; (iii) partial accelerated vesting of the executive’s previously granted stock options and restricted stock awards, such that (to the extent not already then vested) a portion of these awards shall vest and/or become exercisable, in each case on a pro-rated basis that takes into account the number of months elapsed since the date of grant as compared to the scheduled vesting date (provided that the terms of the Company’s equity incentive plans will continue to govern acceleration of vesting in the event of a change of control as defined in such plan); and (iv) an award of “performance shares” under a restricted stock unit award agreement previously entered into between the Company and the executive.

On August 20, 2018, the Company entered into a severance agreement with Chris Wolfe, the Company’s Chief Executive Officer, which provides Mr. Wolfe with certain severance and change in control benefits upon the occurrence of a “Trigger Event,” which will have occurred if the Company terminates Mr. Wolfe without cause, or upon the occurrence of a “Change in Control Trigger Event,” which will have occurred if the Company terminates Mr. Wolfe without cause or Mr. Wolfe resigns for good reason, each within six months following a change in control event (as defined in the severance agreement).

Under the terms of the severance agreement with Mr. Wolfe, subject to Mr. Wolfe’s delivery of a general release to the Company, Mr. Wolfe is entitled to the following: (i) cash payments either (A) at the rate of Mr. Wolfe’s annual base salary, in the case of a Trigger Event, or (B) at twice the rate of Mr. Wolfe’s annual base salary, in the event of a Change in Control Trigger Event, in each case, as in effect immediately prior to such Trigger Event or Change in Control Trigger Event, as the case may be, for a period of 12 months (such period, as applicable, the “Severance Period”), made as a series of payments that are payable in accordance with the Company’s standard payroll practices; (ii) a waiver of any remaining portion of Mr. Wolfe’s healthcare continuation payments under COBRA for the Severance Period, provided that Mr. Wolfe timely elects COBRA coverage and continues to make contributions for such coverage equal to his contribution amount in effect immediately preceding the date of his termination of employment; (iii) partial accelerated vesting of Mr. Wolfe previously granted stock options and restricted stock awards, such that (to the extent not already then vested) a portion of these awards shall vest and/or become exercisable, in each case on a pro-rated basis that takes into account the number of months elapsed since the date of grant as compared to the scheduled vesting date (provided that the terms of the Company’s equity incentive plans will continue to govern acceleration of vesting in the event of a change of control as defined in such plan); and (iv) in the event of a Change in Control Trigger Event, a pro rata portion of any bonus that would have been payable to Mr. Wolfe with respect to the year of termination based on the achievement of predetermined objectives used to determine the Company’s performance.

As a condition to the Company's obligations under the severance agreements, each executive is required to execute and deliver to the Company a restrictive covenants agreement containing covenants regarding confidentiality, assignment of inventions, non-competition and non-solicitation. These restrictive covenants will remain in effect during the applicable severance period.

Potential Payments Upon Termination or Change in Control

Potential Payments Upon Termination or Change in Control under Severance Arrangements

As described above under the caption “Severance Arrangements,” the Company has entered into severance agreements with its Named Executive Officers. These severance agreements provide for severance payments or other compensation upon the termination of the Named Executive Officer’s employment or a change in control with respect to the Company.

Potential Payments Upon Termination or Change in Control under Equity Compensation Plans

Our 2007 Plan provides that, in the event of a consolidation or merger in which, after completion of any such transaction, our prior stockholders own less than 50% of the voting shares of the continuing or surviving entity, or in the event of the sale or transfer of substantially all of our assets, all outstanding options will become exercisable and all restrictions and/or forfeitures with respect to restricted stock awards and restricted stock units will lapse.

Our 2015 Plan provides that the Compensation Committee may, at the time of the grant of an award, provide for the effect of a “change in control” on any award, including (i) accelerating or extending the time periods for exercising, vesting in, or realizing gain from any award, (ii) eliminating or modifying the performance or other conditions of an award, (iii) providing for the cash settlement of an award for an equivalent cash value, as determined by the Compensation Committee, or (iv) such other modification or adjustment to an award as the Compensation Committee deems appropriate to maintain and protect the rights and interests of participants upon or following a change in control. The Compensation Committee may, in its discretion and without the need for the consent of any recipient of an award, also take one or more of the following actions contingent upon the occurrence of a change in control: (a) cause any or all outstanding options and stock appreciation rights to become immediately exercisable, in whole or in part; (b) cause any other awards to become non-forfeitable, in whole or in part; (c) cancel any option or stock appreciation right in exchange for a substitute option; (d) cancel any award of restricted stock, stock units, performance shares or performance units in exchange for a similar award of the capital stock of any successor corporation; (e) redeem any restricted stock for cash and/or other substitute consideration with a value equal to the fair market value of an unrestricted share of our common stock on the date of the change in control; (f) cancel any option or stock appreciation right in exchange for cash and/or other substitute consideration based on the value of our common stock on the date of the change in control, and cancel any option or stock appreciation right without any payment if its exercise price exceeds the value of our common stock on the date of the change in control; (g) cancel any stock unit or performance units held by a participant affected by the change in control in exchange for cash and/or other substitute consideration with a value equal to the fair market value per share of common stock on the date of the change in control, or (h) make such other modifications, adjustments or amendments to outstanding awards as the Compensation Committee deems necessary or appropriate.

For purposes of the 2015 Plan, a “change in control” means the occurrence of any of the following events: (i) any person or group (as such terms are used in Section 13(d) and 14(d) of the Exchange Act, but excluding the Company, its affiliates and any person holding securities under employee benefit plan or trust of the Company) is or becomes the beneficial owner of securities of the Company representing 50% or more of either the combined voting power of the Company’s then outstanding securities or the then outstanding shares of our common stock; (ii) any consolidation or merger of the Company where stockholders of the Company, immediately prior to such consolidation or merger, would not, immediately after such consolidation or merger, beneficially own shares representing in the aggregate 50% or more of the combined voting power of the securities of the corporation issuing cash or securities in the consolidation or merger; or (iii) any sale, lease, exchange or other transfer of all or substantially all of the Company’s assets, other than a sale or disposition by the Company of all or substantially all of the Company’s assets to an entity, at least 50% of the combined voting power of the voting securities of which are owned by persons in substantially the same proportion as their ownership of the Company immediately prior to such sale; (iv) the approval by stockholders of the Company of any plan or proposal for the liquidation or dissolution of the Company; or (v) the members of the Board at the beginning of any consecutive 24-calendar-month period (the “Incumbent Directors”) cease for any reason other than due to death to constitute at least a majority of the members of the Board; provided that any member of the Board whose election, or nomination for election by the Company’s stockholders, was approved or ratified by a vote of at least a majority of the members of the Board then still in office who were members of the Board at the beginning of such 24-calendar-month period, shall be deemed to be an Incumbent Director.

Our 2018 Plan provides that, unless the Compensation Committee provides otherwise in advance of the grant, in the event of a “change in control,” if the employee or service provider is terminated other than for “cause” (as defined in the 2018 Plan) within one year of such change in control or leaves for “good reason” (as defined in the 2018 Plan), options and restricted stock (including restricted stock units) shall vest. In addition, unless otherwise determined by the Compensation Committee, the payout of performance stock units and performance shares shall be determined exclusively by the attainment of the performance goals established by the Compensation Committee, which may not be modified after the change in control, and the Company will not have the right to reduce the awards for any other reason.

For purposes of the 2018 Plan, a “change in control” means the occurrence of any of the following events: (i) any person, other than a trustee or other fiduciary holding securities under an employee benefit plan of the Company or a corporation owned directly or indirectly by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company, becomes the beneficial owner (as such term is defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the total voting power represented by the Company’s then outstanding voting securities; (ii) during any period of two consecutive years, individuals who at the beginning of such period constitute the board of directors of the Company and any new director whose election by the board of directors or nomination for election by the Company’s stockholders was approved by a vote of a majority of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority thereof; (iii) the consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 50% of the total voting power represented by the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation; or (iv) the stockholders of the Company approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all the Company’s assets.

Estimated Payments Upon Termination or Change in Control

The following table shows potential payments to the Company's Named Executive Officers under existing severance agreements, plans or arrangements in connection with a termination of employment or change in control with respect to the Company. The following table assumes a December 31, 2018 termination or change in control date, and uses the closing price of the Company's common stock on the Nasdaq Global Market on December 31, 2018, \$5.59. The disclosed amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to the Named Executive Officer. These actual amounts would only be known at the time the Named Executive Officers become eligible for payment and would only be payable upon the termination of employment or change in control.

(1) Pursuant to the option award agreements entered into between the Company and each Named Executive Officer, options that have vested as of the date of termination of employment generally are exercisable for a period of three months following the date of termination (or 365 days, in the case of termination of employment resulting from death or disability). Moreover, the terms of the severance agreements entered into between the Company and each Named Executive Officer generally provide for accelerated vesting of a portion of the unvested options held by the individual upon the occurrence of a "trigger event" (as defined in such severance agreements) or a "change in control trigger event" (as defined in Mr. Wolfe's severance agreement). Thus, the amounts reported in the table assume the exercise of any such stock options held by the Named Executive Officers at December 31, 2018 that were in-the-money as of such date.

(2) The 2007 Plan provides that all outstanding options will become exercisable upon a change in control (as defined in the 2007 Plan). The 2015 Plan provides that upon or in anticipation of any change in control (as defined in the 2015 Plan), the Compensation Committee has the discretion to accelerate the vesting of any outstanding options. The 2018 Plan provides that in the event of a change in control (as defined in the 2018 Plan), option will vest if the employee or service provider is terminated other than for cause within one year of a change in control or leaves for good reason. Thus, the amounts reported in the table assume the exercise of any outstanding stock options held by the Named Executive Officers at December 31, 2018 that were in-the-money as of such date, that, with respect to option awards issued under the 2015 Plan, the Compensation Committee decided to accelerate the vesting of such outstanding options upon a change in control, and that, with respect to option awards issued under the 2018 Plan, the Named Executive Officers were terminated other than for cause within one year of a change in control or left for good reason.

(3) The terms of the severance agreements entered into between the Company and each Named Executive Officer generally provide for accelerated vesting of a portion of the unvested restricted shares held by the individual upon the occurrence of a “trigger event” (as defined in such severance agreements) or a “change in control trigger event” (as defined in Mr. Wolfe’s severance agreement).

(4) The 2007 Plan provides that all outstanding restricted stock awards will become fully vested upon a change in control (as defined in the 2007 Plan). The 2015 Plan provides that upon or in anticipation of any change in control (as defined in the 2015 Plan), the Compensation Committee has the discretion to accelerate the vesting of any outstanding restricted stock awards. The 2018 Plan provides that in the event of a change in control (as defined in the 2018 Plan), restricted stock will vest if the employee or service provider is terminated other than for cause within one year of a change in control or leaves for good reason. The amounts reported in the table assume that, with respect to restricted stock awards issued under the 2015 Plan, the Compensation Committee decided to accelerate the vesting of such outstanding restricted stock upon a change in control and that, with respect to option awards issued under the 2018 Plan, the Named Executive Officers were terminated other than for cause within one year of a change in control or left for good reason.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are Christopher Formant, Kenneth Brakebill, Michael Casey and Charles Frumberg. No member of the Compensation Committee is or has been an executive officer or employee of our Company or except as set forth above under the heading “Certain Relationships and Related Transactions,” had any relationships requiring disclosure by us under the SEC’s rules requiring disclosure of certain relationships and related-party transactions. None of our executive officers served as a director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity, the executive officers of which served as a director or member of the Compensation Committee during the fiscal year ended December 31, 2018.

Risk Considerations

We do not believe that our compensation practices and policies for our employees, including our executive officers, create risks or are likely to create risks that are reasonably likely to have a material adverse effect on us or our results of operations or financial condition.

Compensation of Directors

General

All directors are entitled to reimbursement for travel and lodging and other reasonable out-of-pocket expenses incurred by them in connection with their attendance at Board and/or Board committee meetings or other activities on our behalf.

Employee Directors

Directors who are current officers or employees of the Company or any subsidiary of the Company do not receive any additional compensation for their service as members of either the Board or any committees of the Board.

Non-Employee Directors

On August 1, 2017, the Board adopted a non-employee director compensation program pursuant to which non-employee directors are entitled to receive annual compensation having economic value of approximately \$119,000, which includes a cash retainer of \$59,000 and restricted stock grants with an economic value of approximately \$60,000. The cash retainer may be paid, at each director’s election, in cash or in restricted shares of our common stock. Each of the non-employee directors elected to be paid his retainer for 2018 in restricted shares of our common stock. With respect to restricted stock awards, the number of shares issuable was calculated based on the average of the reported closing price per share of the stock on the Nasdaq Global Market for the twenty (20) consecutive trading days prior to and including the date of our 2018 annual meeting of stockholders, except that in the case of Charles Frumberg, the number of shares issuable was calculated based on the average of the reported closing price per share of the stock on the Nasdaq Global Market for the twenty (20) consecutive trading days prior to and including the date that Mr. Frumberg joined the Board.

The Chairman of the Board and the chairperson of each of the committees of the Board are also entitled to a supplemental retainer, which may be paid, at each director’s election, in cash or in restricted shares of our common stock. Specifically, the Chairman of the Board receives an additional \$36,000 per year of service; the chairperson of the Audit Committee receives an additional \$18,000 per year of service; the chairperson of the Compensation Committee receives an additional \$12,000 per year of service; and the chairperson of the Nominating Committee receives an additional \$10,000 per year of service. In addition, if during the year, any director attends, in person or by telephone, more than eight meetings of the Board and/or any committee thereof, in the aggregate, such director will be entitled to receive for each additional meeting attended in person or by telephone a payment of \$1,000 or \$500; however, the directors maintain discretion to waive, and have on occasion agreed to waive, those additional meeting fees. Each of the non-employee directors elected to be paid his supplemental retainer in 2018 in restricted shares of our common stock.

Our non-employee directors are entitled to participate in the Company's 2018 Plan. The 2018 Plan was adopted by the Board in April 2018 and approved by our stockholders in June 2018. As of April 29, 2019, a total 256,604 shares of our common stock remain reserved and available for issuance under the 2018 Plan, respectively. Non-employee directors are eligible to be awarded non-qualified stock options, shares of restricted stock, stock appreciation rights and other awards under the 2018 Plan. A recipient of restricted stock under the 2018 Plan is entitled to vote such shares and would be entitled to dividends, if any, paid on such shares, but is not entitled to dispose of such shares until they have vested in accordance with the terms of the applicable award.

During the fiscal year ended December 31, 2018, each of Kenneth Brakebill, Michael Brodsky, Michael Casey, Christopher Formant, Charles Frumberg and Ron Konezny was awarded an aggregate of 21,493, 25,825, 22,826, 21,826, 19,067 and 19,827 restricted shares of common stock, respectively, in consideration for his services as a director of the Company and each of Messrs. Formant and Frumberg was awarded stock options to purchase 45,000 shares of common stock in connection with his agreeing to serve as a director of the Company. All of these awards were made pursuant to the 2018 Plan. Each of the restricted stock awards granted to Messrs. Brakebill, Brodsky, Casey, Formant and Konezny were granted on June 15, 2018, and the restricted stock award granted to Mr. Frumberg was granted on July 10, 2018. All such restricted stock awards vest as to 100% of such shares on the first anniversary of the date of grant, provided that the non-employee director is then serving as a director of the Company. The stock options granted to Messrs. Formant and Frumberg vest in equal increments over a four-year period, such that 25% of such options will vest on the first, second, third and fourth anniversaries of the date of grant, provided that such individual is then serving as a director of the Company on each such date.

Our non-employee directors are not entitled to retirement, benefit or other perquisite programs.

The following table provides certain information with respect to the compensation paid to our non-employee directors during the fiscal year ended December 31, 2018.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information regarding ownership of shares of our common stock as of April 29, 2019 by:

- each stockholder known by us to own beneficially more than 5% of our outstanding common stock;
- each of our executive officers named in the “Summary Compensation Table” in this Annual Report on Form 10-K/A (these executive officers are sometimes referred to herein as the “Named Executive Officers”);
- each of our current directors; and
- all of our current directors and executive officers as a group.

To our knowledge, except as set forth in the footnotes to the table and subject to applicable community property laws, each person or entity named in the table has sole voting and disposition power with respect to the shares set forth opposite such person’s or entity’s name. The number of shares beneficially owned by each entity, person, director or executive officer is determined in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares over which the individual has the sole or shared voting power or investment power and any shares that the individual has the right to acquire within 60 days of April 29, 2019, through the exercise of stock options, warrants or other convertible securities or any other right. Shares of our common stock that a person has the right to acquire within 60 days of April 29, 2019 are deemed outstanding for purposes of computing the percentage ownership of the person holding such rights but are not deemed outstanding for purposes of computing the percentage ownership of any other person (except with respect to the percentage ownership of all directors and executive officers as a group). As used in this Annual Report on Form 10-K/A, “voting power” is the power to vote or direct the voting of shares and “investment power” includes the power to dispose or direct the disposition of shares.

The number and percentage of shares beneficially owned is computed on the basis of 18,213,978 shares of our common stock outstanding as of April 29, 2019. The information in the following table regarding the beneficial owners of more than 5% of our common stock is based upon information supplied by our principal stockholders or set forth in Schedules 13D and 13G filed with the SEC. The determination that there were no other persons, entities or groups known to the Company to beneficially own more than 5% of the Company’s outstanding common stock was based on a review of all statements filed with the SEC with respect to the Company pursuant to Section 13(d) or 13(g) of the Exchange Act.

Item 13. Certain Relationships and Related Transactions, and Director Independence

Certain Relationships and Related Transactions

Our policy prohibits conflicts between the interests of our employees, officers and directors and our company. A conflict of interest exists when an employee, officer, or director's personal interest interferes or may interfere with the interests of the Company. When it is deemed to be in the best interests of our company and our stockholders, the Audit Committee may grant waivers to employees, officers and directors who have disclosed an actual or potential conflict of interest, which waivers are subject to approval by our Board. This policy is included in our Code of Business Conduct and Ethics for Employees, Officers and Directors.

In accordance with its charter, the Audit Committee is responsible for annually reviewing any transactions or series of similar transactions to which we are or were a party and in which any director, executive officer or beneficial holder of more than 5% of any class of our voting securities, or members of any such person's immediate family, have had or will have a direct or indirect material interest. Our Audit Committee's procedures for reviewing related party transactions are not in writing. Except as described below, since January 1, 2017, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which the Company is or was a party in which the amount involved exceeds \$120,000 and in which any director, executive officer or beneficial holder of more than 5% of any class of our voting securities, or members of any such person's immediate family, have had or will have a direct or indirect material interest. As of April 29, 2019, our common stock is the Company's only class of voting securities.

Director Independence

Our Board has determined that each of our current directors and Ron Konezny, who served as a director until August 15, 2018, satisfies the current "independent director" standards established by the Nasdaq Rules and, as to the members of the Audit Committee of our Board, the additional independence requirements under applicable rules and regulations of the SEC. Thus, a majority of the Board is comprised of independent directors as required by the Nasdaq rules. The Audit Committee of the Board is composed of Messrs. Brodsky, Casey and Formant, each of whom is an independent director in accordance with Nasdaq Rule 5605(c). The Compensation Committee of the Board is composed of Messrs. Brakebill, Casey, Formant and Frumberg, each of whom is an independent director in accordance with Nasdaq Rule 5605(d). The Nominating Committee of the Board is composed of Messrs. Brakebill, Brodsky, Casey and Frumberg, each of whom is independent in accordance with Nasdaq Rule 5605(e).
