Compensation Discussion and Analysis

Introduction

This discussion presents the principles underlying our executive officer compensation program. Our goal in this discussion is to provide the reasons why we award compensation as we do and to place in perspective the data presented in the tables that follow this discussion. The focus is primarily on compensation of our executive officers for the fiscal year ended December 31, 2013, but some historical and forward-looking information is also provided to put such year's compensation information in context. The information presented herein relates to the (i) the individual serving as the Company's Chief Executive Officer during the fiscal year ended December 31, 2013, (ii) the individual serving as the Company's Chief Financial Officer during the fiscal year ended December 31, 2013, and (iii) each of the Company's three most highly compensated executive officers other than the Chief Executive Officer and the Chief Financial Officer who were serving as executive officers of the Company as of December 31, 2013, each of whom is sometimes referred to in this Form 10-K/A as a "Named Executive Officer."

Compensation Philosophy and Objectives

We attempt to apply a consistent philosophy to compensation for all employees, including senior management. This philosophy is based on the premises that our success is dependent upon the efforts of each employee and that a cooperative, team-oriented environment is an essential part of our culture. We believe in the importance of rewarding our employees for our successes, which is why we emphasize pay-for-performance incentive compensation. Particular emphasis is placed on broad employee equity participation through the use of stock options and restricted stock awards, as well as on annual cash bonuses linked to achievement of our corporate performance goals. We considered the results of the "say on pay" proposal with respect to executive compensation presented to the stockholders at our 2013 annual meeting held on June 20, 2013, and in light of the support the proposal received, we continue to emphasize pay-for-performance incentive compensation, as explained in detail in this Compensation Discussion and Analysis.

Our compensation programs for our Named Executive Officers are designed to achieve a variety of goals, including:

- attracting and retaining talented and experienced executives;
- motivating and rewarding executives whose knowledge, skills and performance are critical to our success;
- aligning the interests of our executives and stockholders by motivating executives to increase stockholder value in a sustained manner; and
- providing a competitive compensation package which rewards achievement of our goals.

Total compensation paid to our executive officers is influenced significantly by the need to attract and retain management employees with a high level of expertise and to motivate and retain key executives for our long-term success. Some of the components of compensation, such as salary, are generally fixed and do not vary based on our financial and other performance. Some components, such as bonus, stock options and stock award grants, are dependent upon the achievement of certain goals approved by the Compensation Committee; and for such purpose, the Compensation Committee considers goals for executive officers (other than our Chairman and Chief Executive Officer) recommended by our Chairman and Chief Executive Officer, and includes him in its discussions with respect to such goals. Furthermore, the value of certain of these components, such as stock options and restricted stock, is dependent upon our future stock price.

We compensate our executive officers in these different ways in order to achieve different goals. Cash compensation, for example, provides executive officers with a minimum base salary. Incentive bonus compensation is generally linked to the achievement of financial and business goals (as described in greater detail below), and is intended to reward executive officers for our overall performance. Stock options and grants of restricted stock are intended to link our executive officers' longer-term compensation with the performance of our stock and to build executive ownership positions in our stock. This encourages our executive officers to remain with us and to act in ways intended to maximize stockholder value, and serves to penalize them if we and/or our stock fails to perform to expectations.

We view the three components of our executive officer compensation as related but distinct. Although the Compensation Committee does review total compensation, it does not believe that compensation derived from one component of compensation necessarily should negate or reduce compensation from other components. We determine the appropriate level for each compensation component based in part, but not exclusively, on its historical practices with the individual and our view of individual performance and other information we deem relevant. The Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of compensation. We have not reviewed wealth and retirement accumulation as a result of employment with us, and have only focused on fair compensation for the year in question.

The Compensation Committee monitors the results of the annual advisory "say-on-pay" proposal and incorporates such results as one of many factors considered in connection with the discharge of its responsibilities. At our 2013 annual meeting of stockholders, the stockholders approved, on an advisory basis, the compensation of the Named Executive Officers, and in light of such approval, the Compensation Committee continued with its performance-based compensation philosophy and its balanced approach to the components of its compensation program.

As discussed below, with respect to compensation paid with respect to 2013, the Compensation Committee considered certain compensation information provided by Compensation Resources, Inc. (“CRI”), the compensation consultant retained by the Compensation Committee in 2012. The Compensation Committee realizes that benchmarking our compensation against the compensation earned at comparable companies may not always be appropriate, but believes that engaging in a comparative analysis of compensation practices is useful to obtain an understanding of current compensation practices.

Elements of Executive Officer Compensation

Base Salary. We pay our executive officers a base salary, which we review and determine annually. We believe that a competitive base salary is a necessary element of any compensation program. We believe that attractive base salaries can motivate and reward executives for their overall performance. Base salaries are established in part based on the particular executive’s position, responsibility, experience, skills and expected contributions during the coming year and such individual’s performance during the prior year. We also have generally sought to align base compensation levels comparable to our competitors and other companies in similar stages of development. We do not view base salaries as primarily serving our objective of paying for performance, but in attracting and retaining the most qualified executives necessary to run the Company’s business. Since the base salaries of the Named Executive Officers were increased for 2012 by 4.17% - 4.71% in February 2012 (except for Mr. Kilpatrick’s base salary which was increased from \$225,000 to \$250,000 in April, 2011 prior to his becoming an executive officer), the Compensation Committee did not raise the base salaries of the Named Executive Officers for 2013 (except for Michael Ehrman’s base salary which was increased from \$250,000 to \$267,000), and continued to focus on a pay-for-performance structure, which is discussed below.

Cash Incentive Bonus Programs

The primary objective of our annual cash incentive bonus program is to motivate and reward our employees, including our Named Executive Officers, for meeting our short-term objectives using a pay-for-performance program with objectively determinable performance goals. Each of our Named Executive Officers (other than Brett Kilpatrick) is eligible to receive a cash incentive bonus under the 2013 Executive Incentive Plan (“EIP”), and Brett Kilpatrick, our Executive Vice President of Worldwide Sales, is eligible to receive a cash incentive bonus under another cash incentive bonus arrangement, each of which is discussed below.

Executive Incentive Plan

The objectives of the EIP, which was adopted by the Compensation Committee, are to align the interests of all employees with the Company’s annual performance goals. The EIP focuses on rewarding executives for the achievement of annual financial objectives with competitive financial incentives, and provides a systemic plan for establishing definitive performance goals. For 2013, the Company’s performance goals are based on revenue growth and “operating profit,” which for these purposes is defined as operating income (loss) from operations, excluding depreciation and amortization and stock-based compensation expense. Executives were eligible to be awarded cash bonus compensation based on the Company’s annual results in these areas.

The Company accrues funds for the EIP over the course of the applicable plan year. The EIP may be modified or terminated by the Compensation Committee at any time, but incentive awards that have been earned by the participating Named Executive Officers through the date of termination of the EIP will be payable. In addition, target awards and weightings may be modified by the Compensation Committee during the plan year based upon a shift in focus or changing industry standards, or any other factors that the Compensation Committee deems appropriate, but no such modifications were made in respect of 2013. The Compensation Committee has the authority to administer the EIP and has the final decision on any discrepancies in interpretation of the EIP.

Awards under the EIP are calculated as a percentage of an executive’s base salary and, as noted above, are based upon revenue growth and operating profit. The target award (expressed as a percentage of base salary) for each Named Executive Officer for whom a target award was established is as follows:

Named Executive Officer	Target Award Percentage
Jeffrey M. Jagid (1)	80%
Ned Mavrommatis	60%
Kenneth S. Ehrman (1)	60%
Michael L. Ehrman	50%

(1) Effective as of March 2, 2014, Jeffrey M. Jagid resigned from his position as Chief Executive Officer of the Company and Kenneth S. Ehrman was appointed to serve as the Interim Chief Executive Officer of the Company.

2013 Revenue Targets. Fifty percent of the executive's bonus under the EIP for 2013 was based on revenue targets (such portion, the "*Revenue Bonus*"). For 2013, for each of the Named Executive Officers entitled to participate in the EIP, the Company's revenues (the "*Revenues*") were required to equal or exceed \$46,874,492 (the "*Target Amount*") and the Company's operating profit for 2013 was required to exceed \$1, in order for the executives to receive their full Revenue Bonus. If Revenues were equal to at least 100% of the Target Amount, the executive would be entitled to receive 100% of his Revenue Bonus. In the event that the Revenues exceed the Target Amount, the executives would be paid based on the actual percentage of the Target Amount achieved; provided, that in the event Revenues exceed 105% of the Target Amount, for each 1% over 105% and up to 110%, the executive would be entitled to receive an additional 4% of the Revenue Bonus and for each 1% over 110%, the executive would be entitled to receive an additional 2% of the Revenue Bonus. The maximum amount of the Revenue Bonus, together with Operating Profit Bonus, discussed below, for each executive is 200% of the target award for such executive.

Any Revenue Bonuses are payable to the executives after completion of the Company's audited financial statements for the applicable year. Participants are not entitled to receive an award unless they are employed by the Company at the time the award is payable by the Company. Based on 2013 revenues of the Company, none of Jeffrey M. Jagid, Ned Mavrommatis, Kenneth S. Ehrman or Michael L. Ehrman received Revenue Bonuses under the EIP for 2013.

2013 Operating Profit Targets. Fifty percent of the executive's bonus under the EIP for 2013 was based on operating profit targets (such portion, the "*Operating Profit Bonus*"). For these purposes, "operating profit" is defined as operating income (loss) from operations, excluding depreciation and amortization and stock-based compensation expense and was calculated after all bonus expenses. For 2013, for each of the Named Executive Officers, the Company's operating profit was required to equal or exceed \$1,017,317 (the "*Target Operating Profit*") in order for the executives to receive 100% of their Operating Profit Bonus, and the executives would not receive any portion of their Operating Profit Bonus if the Target Operating Profit was not achieved. In the event that the Company's operating profit for 2013 exceeds the Target Operating Profit, the executives would be paid based on the actual percentage of the Target Operating Profit achieved. The maximum amount of the Operating Profit Bonus, together with the Revenue Bonus, for each executive is 200% of the target award for such executive.

Any Operating Profit Bonuses are payable to the executives after completion of the Company's audited financial statements for the applicable year. Participants are not entitled to receive an award unless they are employed by the Company at the time the award is payable by the Company. Based on the Company's actual operating profit for 2013, none of Jeffrey M. Jagid, Ned Mavrommatis, Kenneth S. Ehrman or Michael L. Ehrman received Operating Profit Bonuses under the EIP for 2013.

Brett Kilpatrick's Cash Incentive Bonus Arrangement

Our cash incentive bonus arrangement with Brett Kilpatrick, our Executive Vice President of Worldwide Sales, is intended to reward Mr. Kilpatrick for the achievement of quarterly and annual financial objectives with competitive financial incentives, and provide a systemic plan for establishing definitive performance goals for him. For 2013, the Company's performance goals for Mr. Kilpatrick were based on the Company's revenue growth, and Mr. Kilpatrick was eligible for awards of cash bonus compensation based on the Company's quarterly and annual results. For 2013, Mr. Kilpatrick was eligible to receive cash bonus compensation of up to \$200,000 if certain revenue growth goals were met (the "*Kilpatrick Revenue Bonus*"), as discussed below.

Fifty percent of the Kilpatrick Revenue Bonus for 2013 was based on quarterly revenue targets (the “Quarterly Revenue Bonus”) and fifty percent of the Kilpatrick Revenue Bonus for 2013 was based on annual revenue targets (the “Annual Revenue Bonus”). For each quarter during 2013, the Company’s revenues were required to equal or exceed amounts ranging from \$10,623,636 to \$13,215,663 (the “Revenue Quarterly Target Amounts”) in order for Mr. Kilpatrick to receive the full amount of the Quarterly Revenue Bonus for such quarter, or \$25,000. For 2013, the Company’s revenues were required to equal or exceed \$48,727,500 (the “Annual Revenue Target Amount”) in order for Mr. Kilpatrick to receive the full Annual Revenue Bonus, or \$100,000. After the end of each quarter during 2013 and after the end of 2013, if the Company’s quarterly revenues were equal to at least 100% of the applicable Revenue Quarterly Target Amount (the “Quarterly Revenue Minimum Amount”) and if the Company’s annual revenues were equal to at least 100% of the Annual Revenue Target Amount (the “Annual Revenue Minimum Amount”), respectively, Mr. Kilpatrick would be entitled to receive 100% of the Quarterly Revenue Bonus for such quarter and would be entitled to receive 100% of the Annual Revenue Bonus for 2013, respectively.

Mr. Kilpatrick would not be entitled to receive an award unless he is employed by the Company at the time the award is payable by the Company. Based on the Company’s revenues for 2013, Mr. Kilpatrick did not receive any Kilpatrick Revenue Bonuses for 2013.

Long-Term Incentive Plan.

We believe that stock options and restricted stock awards are an important long-term incentive for our executive officers and employees and that our stock option and restricted stock award program has been effective in aligning officer and employee interests with those of our stockholders. We review our equity compensation plans annually. Employees are eligible for annual stock option and restricted stock award grants based on targeted levels. These options and grants are intended to produce value for each executive officer if (i) our stockholders derive significant sustained value and (ii) the executive officer remains employed with us.

Historically, the Company did not have any program, plan or obligation under which it was required to grant equity compensation to any executive officer on specified dates or upon the achievement of certain performance goals. The authority to make equity grants to executive officers rests with the Compensation Committee, although, as noted, the Compensation Committee does consider the recommendations of our Chairman and Chief Executive Officer in setting the compensation of our other executive officers. For each year beginning with the year ended December 31, 2009, the Compensation Committee has adopted a long-term incentive plan for our Named Executive Officers, pursuant to which our Named Executive Officers may be entitled to earn equity grants upon the achievement of certain price targets relating to the Company’s common stock.

For the year ended December 31, 2013, the Compensation Committee adopted a Long-Term Incentive Plan (the “2013 LTIP”) for the Named Executive Officers. Under the 2013 LTIP, the Named Executive Officers will be entitled to earn equity grants and/or cash bonuses upon the achievement of certain price targets relating to the Company’s common stock.

The dollar value of the awards granted to each of the Named Executive Officers is set forth in the table below.

Named Executive Officer	Dollar Value of 2013 LTIP Award(1)
Jeffrey M. Jagid (2)	\$ 275,000
Ned Mavrommatis	\$ 165,000
Kenneth S. Ehrman (2)	\$ 165,000
Michael L. Ehrman	\$ 137,500
Brett Kilpatrick	\$ 137,500

- (1) This dollar amount does not include the 10% Additional Performance Cash Amount discussed (and defined) below.
- (2) Effective as of March 2, 2014, Jeffrey M. Jagid resigned from his position as Chief Executive Officer of the Company and Kenneth S. Ehrman was appointed to serve as the Interim Chief Executive Officer of the Company.

For all Named Executive Officers, the grant value is then divided among performance cash awards, stock options and restricted stock awards. The total 2013 LTIP award granted to each executive is broken out into the following three categories:

- Performance Cash Awards (25%);
- Shares of Restricted Stock (25%); and
- Stock Options (50%).

Since performance cash awards are payable only upon the achievement of certain targets relating to the price of the Company's common stock at the end of the applicable measurement period, as discussed below, the Compensation Committee decided to increase the dollar amount of the performance cash award calculated for each Named Executive Officer based on the break down above by 10% (the "10% Additional Performance Cash Amount"). The actual amount of each component awarded to each Named Executive Officer in 2013 is set forth in the table below.

Named Executive Officer	Total 2013 LTIP Value(1)	Cash Award Based on Performance (\$)(2)	Restricted Shares (#)	Stock Options (#)
Jeffrey M. Jagid (3)	\$ 275,000	\$ 75,625	11,651	68,069
Ned Mavrommatis	\$ 165,000	\$ 45,375	6,991	40,842
Kenneth S. Ehrman (3)	\$ 165,000	\$ 45,375	6,991	40,842
Michael L. Ehrman	\$ 137,500	\$ 37,813	5,826	34,035
Brett Kilpatrick	\$ 137,500	\$ 37,813	5,826	34,035

(1) This dollar amount does not include the 10% Additional Performance Cash Amount.

(2) This dollar amount includes the 10% Additional Performance Cash Amount.

(3) Effective as of March 2, 2014, Jeffrey M. Jagid resigned from his position as Chief Executive Officer of the Company and Kenneth S. Ehrman was appointed to serve as the Interim Chief Executive Officer of the Company.

With respect to the restricted share awards, the number of shares issuable is calculated based on the average of the reported closing price per share of the stock on the Nasdaq Global Market for forty (40) trading days that begins twenty (20) trading days before the Company's annual earnings announcement for 2013 and ends twenty (20) trading days following such announcement. With respect to stock option awards, the number of shares underlying the options granted to each executive is determined by dividing the LTIP grant value of the options by the value of a stock option on the date of grant (which was April 4, 2013). The exercise price of the stock options is the closing price per share of the stock on the Nasdaq Global Market on the date of grant.

Stock options and restricted stock awards vest over time, whereby 25% of the stock options will vest annually over a four-year period from the date of grant and 100% of the restricted stock awards will vest three years from the date of grant. Awards of performance cash, on the other hand, only vest upon the achievement of certain targets relating to the price of the Company's common stock at the end of a three-year measurement period. The amount of cash will be calculated based on the average of the reported closing price per share of the stock on the Nasdaq Global Market for thirty (30) trading days that begins fifteen (15) trading days before the Company's annual earnings announcement for 2015 and ends fifteen (15) trading days following such announcement.

The final determination of the performance cash award will be based on the achievement of the following price targets at the end of the three-year period:

Stock Price Per Share	Percentage of Performance-Based Cash Award Earned
Below \$8.33	No cash is earned.
\$8.33	50% of cash is earned.
\$9.00	100% of cash is earned.
\$11.00 or Above	150% of cash is earned.

The actual percentage of the performance-based cash award that is earned will be based on the actual stock price that is achieved on a straight-line basis between \$8.33 and \$9.00 and \$9.00 and \$11.00.

The amount of performance cash and the number of stock options and restricted shares granted to and held by our Named Executive Officers are set forth in the “Summary Compensation Table” and the “Grants of Plan-Based Awards” table below.

Severance and Change-in-Control Benefits. Except for the severance and change-in-control benefits described below under the captions “Severance Arrangements” and “Potential Payments Upon Termination or Change in Control,” we do not provide to any of our executive officers any severance or change in control benefits in the event of termination or retirement, whether following a change in control or otherwise.

Benefits. The executive officers participate in all of our employee benefit plans, such as medical and 401(k) plan, on the same basis as our other employees, except that we pay 100% of the premiums for health and dental insurance of our executive officers and 75% of the premiums for health and dental insurance of our other employees.

Perquisites. Our Chief Executive Officer and our other Named Executive Officers receive an allowance for automobile and related expenses, which amounts are reflected under column titled “All Other Compensation” in the Summary Compensation Table. Our use of perquisites as an element of compensation is very limited. We do not view perquisites as a significant element of our comprehensive compensation structure.

Peer Group

In making decisions regarding the compensation of our executive officers, the Compensation Committee generally considers compensation and survey data for similarly situated executives at a comparison group of companies it considers our peer group. These comparison data are primarily used to gauge the reasonableness and competitiveness of executive compensation decisions. The Compensation Committee utilized as a reference for determining competitive total compensation packages for our Named Executive Officers for 2013, our peer group of companies that were identified by CRI, the compensation consultant retained by the Compensation Committee in 2012, but does not benchmark compensation for the Named Executive Officers against the peer group. This peer group of companies was determined by CRI based on revenue, organizational profile and geographic location.

We believe that the compensation practices of our industry, in general, and of our select peer group, in particular, provide useful information to help us establish compensation practices that allow us to attract, retain, and motivate a highly talented executive team. We review the levels of cash, equity, and total compensation for comparable executives in our peer group relative to the elements of compensation paid to our executives. In considering how these data relate to our existing compensation structure, we take into account our size, performance, and geographic location as compared to these peer companies, as well as what we know about the comparable scope of responsibilities of our executives versus those of comparable executives at such peer group companies.

Our peer group, as identified by CRI, consisted of the following companies:

ANADIGICS Inc.	NVE Corporation
CalAmp Corp.	ORBCOMM Inc.
Chyron Corporation	Orbit International Corp.
Identive Group Inc. (formerly SCM Microsystems, Inc.)	Par Technology Corp.
LoJack Corporation	RELM Wireless Corporation
Memsic, Inc.	Telular Corp.
Numerex Corp.	Vasco Data Sec. Int'l Inc.
	XATA Corporation

Regulatory Considerations

We account for the equity compensation expense for our employees under the rules of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718 (“*ASC 718*”), which requires us to estimate and record an expense for each award of equity compensation over the service period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued.

Employment Agreements

The Company has not entered into employment agreements with any of its executive officers. All executive officers serve at the discretion of the Board, with no fixed term of employment.

Severance Agreements

On September 22, 2009, the Company entered into severance agreements with each of Jeffrey M. Jagid, the Company’s Chief Executive Officer, Kenneth S. Ehrman, the Company’s President, Ned Mavrommatis, the Company’s Chief Financial Officer, Treasurer and Corporate Secretary, and Michael L. Ehrman, the Company’s Chief Technology Officer, and on March 27, 2014, the Company entered into a severance agreement with Brett Kilpatrick, the Company’s Executive Vice President of Worldwide Sales (such agreements, collectively, the “*Severance Agreements*,” and each, a “*Severance Agreement*”). Jeffrey M. Jagid, Kenneth S. Ehrman, Ned Mavrommatis, Michael L. Ehrman and Brett Kilpatrick are sometimes collectively referred to in this section as the “*Executives*” and each, an “*Executive*.” The Severance Agreements were previously approved by the Compensation Committee of the Board and presented to the full Board.

Except as described below, each of the Severance Agreements is substantially identical in form. The Severance Agreements provide each Executive with certain severance and change in control benefits upon the occurrence of a “Trigger Event” (as defined in the Severance Agreements). Under the Severance Agreements, a Trigger Event will have occurred if (i) the Company terminates the Executive without Cause or (ii) the Executive resigns for Good Reason within six months following a Change in Control Event (provided, however, that the termination of the Executive’s employment due to his death or Disability will in no event be considered a Trigger Event).

Within 45 days after the occurrence of a Trigger Event (or such shorter period as may be required under the terms of a general release agreement (“*Release*”) to be entered into by the Executive in order to obtain benefits under the Severance Agreement, a form of which is attached to the Severance Agreement), the Executive must execute and deliver the Release to the Company. Upon the earlier of the expiration of any applicable revocation period required for the Release to be effective with respect to age discrimination claims and the date on which it is otherwise permitted to be effective and irrevocable under applicable law, the Executive will be entitled to the following: (i) a cash payment at the rate of the Executive’s annual base salary as in effect immediately prior to the Trigger Event for a period of 18 months in the case of Jeffrey M. Jagid, 15 months in the case of Kenneth S. Ehrman, and 12 months in the case of the other Executives (such period, as applicable, the “*Severance Period*”), made as a series of payments that are payable in accordance with the Company’s standard payroll practices; (ii) a waiver of any remaining portion of the Executive’s healthcare continuation payments under COBRA for the Severance Period, provided that the Executive timely elects COBRA coverage and continues to make contributions for such coverage equal to his contribution amount in effect immediately preceding the date of his termination of employment; (iii) partial accelerated vesting of the Executive’s previously granted stock options and restricted stock awards, such that (to the extent not already then vested) a portion of these awards shall vest and/or become exercisable, in each case on a pro-rated basis that takes into account the number of months elapsed since the date of grant as compared to the scheduled vesting date (provided that the terms of the Company’s 2007 Equity Compensation Plan will continue to govern acceleration of vesting in the event of a “Change of Control” as defined therein); and (iv) an award of “Performance Shares” under the Restricted Stock Unit Award Agreement previously entered into between the Company and the Executive, in an amount and to the extent of the sum of the “Interim Shares” determined (and defined) in accordance with Exhibit A to that agreement.

As a condition to the Company's obligations under the Severance Agreements, each Executive is required to execute and deliver to the Company a restrictive covenants agreement, a form of which is attached to the Severance Agreements, containing covenants regarding confidentiality, assignment of inventions, non-competition and non-solicitation. These restrictive covenants will remain in effect during the Severance Period.

On March 21, 2014, the Company and Mr. Jagid entered into a Separation and General Release Agreement pursuant to which, in exchange for a general release of claims and certain restrictive covenants, the Company agreed to pay Mr. Jagid 18 months' base salary, one-third of which was paid to Mr. Jagid on March 31, 2014, and the remainder of which will be paid over 18 months in accordance with the Company's normal payroll practices. In addition, the vesting of Mr. Jagid's unvested stock options and restricted stock awards were accelerated, and Mr. Jagid will have 15 months to exercise his stock options. Mr. Jagid is not entitled to receive any Interim Shares under the Severance Agreement in respect of any Performance Share awards previously granted to him.

Compensation Tables

The following table, which should be read in conjunction with the explanations provided above, sets forth summary compensation information for the year ended December 31, 2013 for (i) the individual serving as the Company's Chief Executive Officer during the fiscal year ended December 31, 2013, (ii) the individual serving as the Company's Chief Financial Officer during the fiscal year ended December 31, 2013, and (iii) each of the Company's three most highly compensated executive officers other than the Chief Executive Officer and the Chief Financial Officer who were serving as executive officers of the Company as of December 31, 2013. Potential Payments Upon Termination or Change in Control

Potential Payments Upon Termination or Change in Control under Severance Arrangements

As described above under the caption “Severance Arrangements,” the Company has entered into severance agreements with certain of its Named Executive Officers. These severance agreements provide for severance payments or other compensation upon the termination of the Named Executive Officer’s employment or a change in control with respect to the Company.

Potential Payments Upon Termination or Change in Control under Equity Compensation Plans

Our 1999 Stock Option Plan provides that all outstanding stock options, including stock options held by our executive officers, will become immediately exercisable, and the restrictions with respect to outstanding restricted shares will lapse, upon the occurrence of a “change in control event.” For this purpose, a “change in control event” will be deemed to occur if any of the following events occur: (i) the consummation of any merger of our Company with any other company unless the combined voting power of our voting securities outstanding immediately prior thereto continue to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 70% of the combined voting power of the voting securities of our Company or such surviving entity outstanding immediately after such merger or consolidation; (ii) the consummation of any sale or other disposition of all or substantially all of our assets; (iii) approval by our stockholders of a plan of liquidation of our Company; (iv) any action pursuant to which any person or group (as defined in Sections 3(a)(9) and 13(d) of the Exchange Act) will become the beneficial owner of 20% or more of our outstanding voting securities; or (v) the individuals who were members of our Board on May 14, 1999 (the date on which our 1999 Stock Option Plan was initially adopted by the Board), including any individuals who became or become directors after that date and whose election or nomination for election was approved by at least two-thirds of the directors of our Board, cease to constitute a majority of the members of our Board.

Our 2007 Equity Compensation Plan provides that, in the event of a consolidation or merger in which, after completion of any such transaction, our prior stockholders own less than 50% of the voting shares of the continuing or surviving entity, or in the event of the sale or transfer of substantially all of our assets, all outstanding options will become exercisable and all restrictions and/or forfeitures with respect to restricted stock awards and restricted stock units will lapse.

Estimated Payments Upon Termination or Change in Control

The following table shows potential payments to the Company's Named Executive Officers under existing severance agreements, plans or arrangements in connection with a termination of employment or change in control with respect to the Company. The following table assumes a December 31, 2013 termination or change in control date, and uses the closing price of the Company's common stock on the NASDAQ Global Market on December 31, 2013 (\$5.79). The disclosed amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to the Named Executive Officers. These actual amounts would only be known at the time the Named Executive Officers become eligible for payment and would only be payable upon the termination of employment or change in control.

- Effective as of March 2, 2014, Jeffrey M. Jagid resigned from his position as Chief Executive Officer of the Company and Kenneth S. Ehrman was appointed to serve as the Interim Chief Executive Officer of the Company.
- Pursuant to the option award agreements entered into between the Company and each Named Executive Officer, options that have vested as of the date of termination of employment generally are exercisable for a period of 90 days following the date of termination (or 365 days, in the case of termination of employment resulting from death or disability). Moreover, the terms of the severance agreements entered into between the Company and each of the Named Executive Officers generally provide for accelerated vesting of a portion of the unvested options held by the individual in the event of termination of his employment for either of the following reasons (each, a "Trigger Event"): (i) the termination of the executive's employment by the Company without "cause" (as defined in the severance agreements), or (ii) the executive's resignation for "good reason" within six months following a "change in control event" (as each such term is defined in the severance agreements). Thus, the amounts reported in the table assume the exercise of any such stock options held by the Named Executive Officers at December 31, 2013 that were in-the-money as of such date.
- Our equity compensation plans provide that all outstanding options will become exercisable upon a change in control (as defined in the applicable plan). Thus, the amounts reported in the table assume the exercise of any such stock options held by the Named Executive Officers at December 31, 2013 that were in-the-money as of such date.
- Pursuant to the severance agreements entered into between the Company and each of our Named Executive Officers, upon the occurrence of a Trigger Event, performance shares granted under restricted stock unit award agreements entered into by the Company and such executive will be awarded in an amount and to the extent of the sum of any "interim shares" that may have been earned but not issued upon the achievement of certain performance targets as of the end of any fiscal year within the three-year performance period. However, as these performance targets had not been met as of December 31, 2013, no portion of the performance shares would be issuable to any of the executives as of such date.
- Under the LTIP and related restricted stock unit award agreements entered into between the Company and each Named Executive Officer, upon the occurrence of a change in control (as defined in the Company's 2007 Equity Compensation Plan), performance shares granted under restricted stock unit award agreements entered into by the Company and each Named Executive Officer will be awarded in an amount and to the extent of the sum of any "interim shares" that may have been earned but not issued upon the achievement of certain performance targets as of the end of any fiscal year within the three-year performance period. However, as these performance targets had not been met as of December 31, 2013, no portion of the performance shares would be issuable to any of the Named Executive Officers as of such date.

- (6) Information with respect to Brett Kilpatrick does not reflect the terms of the severance agreement entered into between the Company and Brett Kilpatrick on March 27, 2014.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are Harold D. Copperman, Robert J. Farrell and Michael P. Monaco. During the fiscal year ended December 31, 2013, Messrs. Copperman and Monaco served as members of the Compensation Committee, Lawrence S. Burstein served as a member of the Compensation Committee until June 20, 2013, and Robert J. Farrell served as a member of the Compensation Committee, commencing on June 20, 2013. No member of the Compensation Committee is or has been an executive officer of our Company or had any relationships requiring disclosure by us under the SEC's rules requiring disclosure of certain relationships and related-party transactions. None of our executive officers served as a director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity, the executive officers of which served as a director or member of the Compensation Committee during the fiscal year ended December 31, 2013.

Risk Considerations

We do not believe that our compensation practices and policies for our employees, including our executive officers, create risks or are likely to create risks that are reasonably likely to have a material adverse effect on us or our results of operations or financial condition.

Compensation of Directors

General

All directors are entitled to reimbursement for travel and lodging and other reasonable out-of-pocket expenses incurred by them in connection with their attendance at Board and/or Board committee meetings or other activities on our behalf.

Employee Directors

Directors who are current officers or employees of the Company or any subsidiary of the Company do not receive any additional compensation for their service as members of either the Board or any committees of the Board.

Non-Employee Directors

In March, 2012, based on the recommendation of CRI, a compensation consultant engaged by the Compensation Committee in 2011, and other information provided by CRI, including compensation and survey data of a comparison group of companies that CRI considered as our peer group, as discussed above under "Executive Compensation — Compensation Discussion and Analysis — Peer Group," we adopted a non-employee director compensation program pursuant to which non-employee directors are entitled to receive annual compensation having economic value of approximately \$70,000, which includes a cash retainer of \$20,000 and restricted stock grants with an economic value of approximately \$50,000. With respect to restricted stock awards, the number of shares issuable was calculated based on the average of the reported closing price per share of the stock on the Nasdaq Global Market for the twenty (20) consecutive trading days beginning after the Company's announcement of its annual earnings for the prior year. In addition, each of the lead director and the chairperson of each of the committees of the Board is entitled to a supplemental cash retainer. Specifically, the lead director receives an additional \$15,000 per year of service; the chairperson of the Audit Committee receives an additional \$15,000 per year of service; the chairperson of the Compensation Committee receives an additional \$10,000 per year of service; and the chairperson of the Nominating Committee receives an additional \$8,000 per year of service. In addition, if during the year, any director attends, in person or by telephone, more than eight meetings of the Board and/or any committee thereof, in the aggregate, such director will be entitled to receive for each additional meeting attended in person or by telephone a cash payment of \$1,000 or \$500, respectively.

Our non-employee directors are entitled to participate in the Company's 2009 Non-Employee Director Equity Compensation Plan (the "2009 Plan"), which was adopted by the Board in April, 2009, and approved by our stockholders in June, 2009. In June, 2011, our stockholders also approved an amendment to the 2009 Plan, which increased the number of shares available for issuance under the 2009 Plan from 300,000 to 600,000. As of April 29, 2014, a total of 219,439 shares of our common stock remain reserved and available for issuance under the 2009 Plan, as amended. Non-employee directors are eligible to be awarded non-qualified stock options and shares of restricted stock under the 2009 Plan. A recipient of restricted stock under the 2009 Plan is entitled to vote such shares and would be entitled to dividends, if any, paid on such shares, but is not entitled to dispose of such shares until they have vested in accordance with the terms of the applicable award.

During the fiscal year ended December 31, 2013, each of our non-employee directors (Messrs. Burstein, Copperman, Farrell and Monaco) was awarded 8,499 restricted shares of common stock, and Mr. Farrell was awarded a stock option to purchase 45,000 shares of common stock. All of these awards were made pursuant to the 2009 Plan. Each of the restricted stock awards granted to Messrs. Burstein, Copperman and Monaco was granted on April 4, 2013 and vested in equal increments of 25% on a quarterly basis over the one-year period following the date of grant. The restricted stock award granted to Mr. Farrell was granted on June 20, 2013 and vested in equal increments of 25% on each of July 14, 2013, October 14, 2013, January 14, 2014 and April 14, 2014. The stock option vests in equal increments of 25% on an annual basis over the four-year period following the date of grant, which was June 20, 2013.

Our non-employee directors are not entitled to retirement, benefit or other perquisite programs.

The following table provides certain information with respect to the compensation paid to our non-employee directors during the fiscal year ended December 31, 2013.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

The following table sets forth information regarding ownership of shares of our common stock as of April 29, 2014, by:

- each stockholder known by us to own beneficially more than 5% of our outstanding common stock;
- each of our executive officers named in the “Summary Compensation Table” in Item 11 if Part III of this Form 10-K/A (these executive officers are sometimes referred to in this Form 10-K/A as the “*Named Executive Officers*”);
- each of our current directors; and
- all of our directors and executive officers as a group.

To our knowledge, except as set forth in the footnotes to the table and subject to applicable community property laws, each person or entity named in the table has sole voting and disposition power with respect to the shares set forth opposite such person’s or entity’s name. The number of shares beneficially owned by each entity, person, director or executive officer is determined in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares over which the individual has the sole or shared voting power or investment power and any shares that the individual has the right to acquire within 60 days of April 29, 2014, through the exercise of stock options, warrants or other convertible securities or any other right. Shares of our common stock that a person has the right to acquire within 60 days of April 29, 2014 are deemed outstanding for purposes of computing the percentage ownership of the person holding such rights, but are not deemed outstanding for purposes of computing the percentage ownership of any other person (except with respect to the percentage ownership of all directors and executive officers as a group). As used in this Form 10-K/A, “voting power” is the power to vote or direct the voting of shares and “investment power” includes the power to dispose or direct the disposition of shares.

The number and percentage of shares beneficially owned is computed on the basis of 12,287,483 shares of our common stock outstanding as of April 29, 2014. The information in the following table regarding the beneficial owners of more than 5% of our common stock is based upon information supplied by our principal stockholders or set forth in Schedules 13D and 13G filed with the SEC. The determination that there were no other persons, entities or groups known to the Company to beneficially own more than 5% of the Company’s outstanding common stock was based on a review of all statements filed with the SEC with respect to the Company pursuant to Section 13(d) or 13(g) of the Exchange Act.
